Disability Determination Requirements

This Alert is to reiterate to Medicaid Providers, Hospitals, Client Representatives, Community Based Organizations, Advocates and Agencies assisting consumers in applying for Medicaid that the process for requesting a disability determination has changed as of April 2024.

As of the date above all disability review requests have been processed by the New York State Medicaid Disability Review Unit (SDRU).

SDRU will contact the client and the Authorized Representative on the MAP-3177 for the required documentation.

MAP-3177 “Disability Determination Request” is required to be submitted to the Medical Assistance Program (MAP) and Home Care Services Program (HCSP). The MAP-3177 “Disability Determination Request” should be completed when requesting a disability determination for applicants/recipients applying for Medicaid. MAP-3177 is part of the Medicaid application kit and is available on MARC and on HRA’s website via the following link: Link to MAP-3177: <https://www.nyc.gov/assets/hra/downloads/pdf/services/health/MAP-3177-E-Disability-Determinatin-Request.pdf>
