

**Special Income Standard for Housing Expenses for
Individuals Discharged from a Nursing Facility Who Enroll
into the Managed Long Term Care (MLTC) Program**

Consumer's Name: _____ Case No. _____
or CIN _____

Address: _____

Nursing Home Conversion/Enrollments: Consumer Returning to the Community from a Nursing Home

When determining whether or not I continue to meet the income eligibility requirement for Medicaid, I am requesting that the special income standard for housing expenses for consumers returning to the community be budgeted against my income.

- I attest that my actual monthly housing expense is _____.

I also attest to the following:

- Immediately prior to establishing residency at the address that I have provided above, I resided in a Nursing Facility.
 - I resided at this Nursing Facility for a minimum of the last 30 consecutive days immediately prior to my discharge, not including the day of discharge;
- I agree to receive my community-based long term care Medicaid coverage care and support from a Managed Long Term Care (MLTC) plan. I understand that if I disenroll from MLTC coverage in the future, I will no longer be entitled to the special income standard that I am claiming now and that my income eligibility for continuing Medicaid will be determined without that special standard being applied to my case budget.

- I have enrolled/am in the process of enrolling in the following MLTC plan:

MLTC Plan Name

- I also understand that if, for any reason, I do not enroll in a MLTC plan, I will not be eligible for the special income standard that I am claiming and that my income eligibility for continuing Medicaid will be determined without that special standard being applied to my case budget.

Signature of Consumer/Authorized Representative: _____ Date: _____
