¹ **2025 Benchmark Premium = \$72.34** - Benchmark plans are BASIC plans with premiums below the “benchmark” – and are free for people with Full Extra Help. Extra Help subsidizes the BASIC plan premium up to the benchmark. For “Enhanced plans,” the Extra Help subsidy is more complicated – the premium for Extra Help members may not be \$0 even if the premium is below the benchmark.. See complete PDP plan list. Anyone with Extra Help is randomly assigned to benchmark plans if they don’t select any plan. It is ALWAYS better to CHOOSE the best plan based on your drugs than to be randomly assigned.
