## 8. Other Important Figures

**Medicare Part A Premium:** \$311.00 (30-39 Quarters)

\$565.00 (Less than 30 Quarters)

For individuals who paid Medicare Taxes for 40 quarters or more, there is no cost for Medicare Part A.

**Medicare Part B Premium:** (Rates based upon 2025 income tax filings)

- The Cost-of-Living adjustment (COLA) for Social Security will be 2.8% percent for 2026.
- The standard monthly premium for Medicare Part B enrollees is **\$202.90** for 2026, an increase of \$17.90 from \$185.00 in 2025. Most Medicare beneficiaries will pay this amount. Less than 1% of Medicare beneficiaries will pay less than the Full Part B standard monthly premium amount in 2026. Due to the SSA 2.8% COLA, some beneficiaries who were held harmless against Part B premium increases in 2025, will pay the full monthly premium of **\$202.90** in 2026. This is because the increase in their Social Security benefits will be greater than or equal to the increase in their Part B premium.

**Note:** Medicaid consumers who are receiving Medicare Insurance Premium Payments (MIPP) at the 2025 standard Medicare Part B premium amount will automatically have their 2026 payments updated to the new premium amount. The Department of Health (DOH) will forward a file containing a list of Medicaid consumers who are receiving MIPP payments for an amount other than the 2025 standard Medicare Part B premium amount of \$185.00 per month. Staff will be required to review those cases and take the appropriate follow-up action.

## 8. Other Figures (Continued)

Under federal law commonly known as the “hold harmless” provision, Medicare Part B premiums cannot raise more than the COLA in any year for most consumers. The “hold-harmless” provision does not apply to all beneficiaries. The Medicare Part B premium for individuals in the following categories has increased to \$202.90 (or higher) in 2026:

- Individuals whose income is less than or equal to **\$109,000.00**, or a married individual when the couple’s combined income is over **\$218,000**, will pay the standard premium of **\$202.90** and an Income-Related Monthly Adjustment Amount (IRMAA);
- Beneficiaries who do not receive Social Security benefits;
- Individuals who are directly billed for their Part B premium;
- New Medicare Part B beneficiaries; and
- Individuals who have Medicare and Medicaid, and Medicaid pays the premiums

**Standard Allocation:** From non-SSI-related parent to non-SSI- related child **\$633.00**

- **PASS-THROUGH FACTORS:** .976 and .118

In determining the community spouse resource allowance on and after January 1, 2026, the community spouse is permitted to retain resources in an amount equal to the greater of the following: \$74,820 or the amount of the spousal share up to \$162,660. The spousal share is the amount equal to one-half of the total value of the countable resources of the couple as of the beginning of the most recent continuous period of institutionalization of the institutionalized spouse. The look-back period is anchored in the month the A/R is both institutionalized and applying for MA.
