* (Last Column) Members of the aligned D-SNP plan who have regular Medicaid and are not in a managed care plan may voluntarily enroll in the "IB'Dual" plan aligned with the D-SNP plan -to have integrated care with Medicare and Medicaid in one plan. This voluntary enrollment in IB-Dual is new. Before, only current members of the Medicaid managed care plan could be "default enrolled" into the aligned D-SNP and IB-Dual plan. See <http://health.wnyc.com/health/entry/226/> about default enrollment. If cell is BLANK in this column, there is NO voluntary enrollment in that county.

**PRODUCT TYPE: MAP - Medicaid Advantage Plus - integrated plan merging Medicare Advantage D-SNP with MLTC plan + all other Medicaid services.

MMC/HARP = Medicaid Managed Care/HARP plan - type of Medicaid managed care plan - generally for those who do not have Medicare. But those who become enrolled in Medicare may choose to stay in or enroll in these plans if they enroll in the "aligned" Medicare Advantage D-SNP plan shown in the chart. The MMC/HARP plan is then known as an "IB-Dual plan, or Integrated-Benefit Dual plan. Generally, these plans do not include Medicaid home care (except for some people who enrolled during COVID emergency)

See list of all D-SNPs showing which have aligned MAP or IB-Dual plans at <http://health.wnyc.com/health/download/864/> - see SNP tab. Can filter list by county name.
